RARE opportunity offered the investing public. Coaleo, a perfect substitute for coal is owned by us. Coaleo has been given thorough tests by the largest manufacturing industries in the consensus of opinion is that Coaleo in this country will supersede coal as manufactured coal has superseded mined coal in Germany. France, Holland and other foreign countries. We have now on hand more orders than we can furthish manufacturers with our present capacity, and we are, therefore, offering a limited amount of slock for the purpose of using to manufacture machinery. We are sole owners of all patents and bending patents, for the process of manufacturing. If you are interested, we will send you letters received from manufacturers who have tested Coaleo; also send you sample of Coaleo, so you can test it yourself. The possibilities of Coaleo are so great that it is almost beyond any one's ability to give a true estimate of the large profits that will be gained from this, the greatest invention of the sign terminate of the large profits that will be gained from this, the composed of men of the highest commercial standing.
